A GEOSCAN Bibliography

NWT GEOLOGY DIVISION - NAP
Box 1500 - Yellowknife

Affaires indiennes et du Nord Canada

This index is to accompany the 1986 Index to Mining Assessment Reports. It contains only the assessment reports which were released from 1987 to 1990.

Released reports are available for reading and copying, either in microfiche format (when microfiche number is indicated) or paper format, at the NWT Geology Division in Yellowknife. Microfiche copies of assessment reports may be purchased at a cost of $1.25 per sheet of microfiche.

The 1987 to 1990 Index to Mining Assessment Reports was prepared by the National GEOSCAN Centre at the request of the Indian and Northern Affairs Geology Division. Jacinthe Caron (NGC) spent many hours preparing the final version of this index. Diane Gault edited the index.
